

LE CLUB DE CHASSE À COURRE DE MONTRÉAL

A unique experience

The Montreal Hunt Club invites you to experience its group rides or participate in a real hunt.

Riders of all levels are invited.

Many groups of hunters and riders have been created so that everyone may enjoy a memorable day

First group: beginner to intermediary riders who have already done this ride. The group is supervised by two experienced members of the Club who will initiate you in the rudiments of equestrian group activities and the ethics of the hunt as well as provide you with a multitude of useful tips to make the most of your day. For this group, the mounting pace is slow to moderate; obstacle jumping is optional.

Second group: experienced riders who wish to participate in a more bridled ride or hunt. The rhythm of this group is rather a walk and trot, ideal for riders who are coming back to equestrianism and would like to enjoy a safe ride.

Third group: experienced riders looking for thrills and obstacle jumps. This group is lead by the Field masters of the Hunt Club and allows you to sample fox hunting or rides at a very good pace and in a location with magnificently designed obstacles to ensure an extraordinary experience for everyone.

The Montreal Hunt Club fox hunts and rides are offered at two locations.
